## Beskrivelse

The mobile refrigerated trailer for storing and transporting your products in all weather conditions. Cooling temperature between 2°C and 10°C

GOVI Arktik 1600N refrigeration unit

The refrigerated trailer can be connected to a standard trailer hitch. All our vans are spacious, and the smooth upper surfaces make the van hygienic and easy to clean.

We can make refrigerated trailers in several different sizes, so contact us and we can together “tailor-make” your new refrigerated trailer, both in terms of size and temperatures.
